

ACTIVITY CHALLENGE

This week Mrs Clark has set all children and their families an activity challenge.

There is an introductory video followed by 2 video clips of Mrs Clark demonstrating the challenge. Finally there is a list of instructions. You can find these on Twitter **@DeltaWorlaby**. We would love you to get involved with your families and send us photos, clips or messages.

To link with this we are aiming to raise funds for our nominated Delta Charity. As you are probably aware Delta Academy Trust supports **The Air Ambulance** and we wanted to combine keeping active with charity. So before half term we would like you to complete the challenges. Where possible we would love you to ask your friends or family to sponsor you to complete the challenges.

We would also love your families to get involved and complete the challenges with you.

Please help us reach our target of £150 by visiting our just giving page

<https://www.justgiving.com/fundraising/worlaby-academy>

Thank you for your support

Year 3: Home-School Learning Menu 11.5.20

Weekly Maths Tasks

	Monday	Tuesday	Wednesday	Thursday	Friday
<p>Every Monday, White Rose Maths will release a sequence of Maths lessons.</p> <p>Follow this link to watch the video: https://whiterosemaths.com/</p> <p>Click on Home Learning and choose your child's year group.</p> <p>As of this week, you will no longer be able to access the White Rose worksheets for free. You will still be able to access the daily videos, these have questions included within them.</p> <p>I have added a different activity for each day that your child can complete after they have watched the White Rose Video.</p>	<p>Lesson 1: Multiplying and dividing by four and eight</p> <ol style="list-style-type: none"> Watch the video. Complete the questions within the video. Click on the link below and select 'Hit the button' then choose your 4 x tables. <p>https://www.topmarks.co.uk/maths-games/7-11-years/multiplication-and-division</p> <p>How many can you get right in 1 minute?</p>	<p>Lesson 2: Multiply a two-digit number by a one-digit number</p> <ol style="list-style-type: none"> Watch the video. Complete the questions within the video. Click on the link below and find Maths under today's date. <p>https://www.bbc.co.uk/bitesize/tags/zmyxxyc/year-3-and-p4-lessons/1</p>	<p>Lesson 3: Divide a two-digit number by a one-digit number</p> <ol style="list-style-type: none"> Watch the video. Complete the questions within the video. Click on the link below and find Maths under today's date. <p>https://www.bbc.co.uk/bitesize/tags/zmyxxyc/year-3-and-p4-lessons/1</p>	<p>Lesson 4: Multiplication and division problem solving</p> <ol style="list-style-type: none"> Watch the video. Complete the questions within the video. Click on the link below and select 'Penalty shoot-out!' <p>https://mathsframe.co.uk/en/resources/category/22/most-popular</p>	<p>Lesson 5: Challenge of the week</p> <ol style="list-style-type: none"> Watch the video. Complete the questions within the video. Click on the link below and select 3 games to challenge yourself with! <p>https://mathsframe.co.uk/en/resources/category/22/most-popular</p>

Weekly English Tasks

<p>This week's writing task</p> <p>This does not need to be completed in one day, spread the activities out through the week.</p>	<p><u>The truth about trolls</u></p> <ol style="list-style-type: none"> Have a read or listen to 'The truth about trolls' to recap the language that is used and the information they give you. Now it is your turn to do some research of your own. You are going to have a go at writing your own information text but first you need some information. This should be something that you are really interested in. It could be about your favourite animal, plastic pollution, saving the environment or even rainforests. Choose anything that you think you will enjoy writing about. Sort all your information into 4 subheadings. Remember subheadings separate the information to make it easier for the reader. Make sure that the subheadings you have tell the reader what the paragraph will be
---	---

about. Do you need to find any other information? Make a word mat of any key words you think you will need.

4. Plan your introduction. The purpose of an introduction is to briefly explain what your information text is going to be about. They sometimes include one or two general facts about the chosen topic. Plan using key words, and the present tense. Use 3rd person (he, she, they, Polar Bears etc) NOT I or WE.

Have a look at the introduction in the WAGOLL if you are stuck.

5. Have a go at writing your introduction using your plan. Check it makes sense. Are there any words you could up level?

Challenge!

<https://www.wikihow.com/Make-a-Paper-Book>

Follow the link and have a go at making your own paper book! Don't forget to share your work to info@worlabyacademy.org.uk

Reading task

Before accessing the free EBooks, you will need to register and create your own account. There are no incurring costs from this and you can then download the EBooks for free throughout the duration of school closures.

<https://www.oxfordowl.co.uk/for-home/find-a-book/library-page>

This week's challenge is to read 'Cornflake coin.' You will find it in the 7 - 9 years old section of the website above.

Before starting the book please encourage your child to use the front cover and blurb to predict what they think will happen in the story. Ask them why they think this and what there is on the cover/blurb to support their ideas?

Throughout the book, they may come across unfamiliar vocabulary, please take the opportunity to research the definition of these words together, preferably using a dictionary but if you do not have access to a dictionary, then look the words up online. At school the children have been developing their dictionary skills by finding the first 3 letters to begin with and identifying the word from there. It would be helpful if you could support your children to do this.

Question: What other treasures might be in the ground where Kerry found the coin?
What does it say on the first coin that Kerry finds?

Challenge

<https://www.worldofdavidwalliams.com/elevenses-catch-up/>

Don't forget to keep up to date with David Walliams and his latest audio clips using the link above.

Imagine you are a famous author! Can you record yourself reading your favourite book for someone else in your household to listen to? Remember to use the punctuation to help with your fluency. Use lots of expression to keep the listener interested!

Topic Project Menu: These activities should be completed over a number of weeks and should be used to support your child's learning in other areas aside from Maths and English. We would love to see photographs of this completed work or examples of work of quotes about this work through our school email address: info@worlabyacademy.org.uk

	I like to explore	I like being creative	I like being kind and helpful	Time to get physical!
Strengthen your learning	Take a look each day for 1 week in your garden, what different animals can you identify? Are there different types of these animals? Do they appear every day? You could keep a birdwatch diary.	Miss Reeder is looking to build a new home. She wants to know what your perfect home would look like so she can use some of your ideas. Draw and label your perfect home.	Help a member within your household to prepare a meal.	Have a go at Oti Mabuse's dance class each day! You can find her videos on YouTube.
Deepen your learning	Take a look each day for 1 week in your garden, what different animals can you identify? Are there different types of these animals? Do they appear every day? You could keep a birdwatch diary. Now choose one of these animals and carry out some research. Where does it live usually? How long do they live for? What do they eat? You can have a go at sketching the animal too,	Miss Reeder is looking to build a new home. She wants to know what your perfect home would look like so she can use some of your ideas. Draw and label your perfect home. Can you challenge yourself further and build your ideal home using LEGO or other materials?	Make a card for someone that you love to cheer them up and make them smile! Can you post it to them when you have finished? If you can't post it, can you show them your card over FaceTime, Zoom or Skype?	Can you plan, rehearse and record your own daily workouts that someone in your household could follow?
Take the challenge!	Take a look each day for 1 week in your garden, what different animals can you identify? Are there different	Miss Reeder would like to move to Australia when she is older but she doesn't know very much about the country.	Help your family with some gardening. Is there anything new that you can plant?	Go for a daily walk or bike ride with an adult who shares your household!

The Truth about Trolls

Many people believe trolls are angry, **mean** beasts that **terrify** goats and people. However, this is not true. Here is the truth about trolls.

What do trolls look like?

Like the **ogre**, trolls are huge. They look **fierce** and ugly but to another troll they are kind and beautiful. The adult troll has small, beady eyes, a **bulbous, warty** nose and sharp, yellow teeth. Most trolls have long, curly horns on their heads similar to a goat. Interestingly, a few trolls do not have any horns at all. No one knows why.

Where do trolls live?

Trolls are usually found in very cold countries like Iceland. They make their homes in caves near volcanoes which provide both warmth and **shelter**. They live **peacefully** in small family groups, hidden away from people. One troll, who was very grumpy, lived alone under a wooden bridge. Because he **bullied** the local goats, he gave all trolls a very bad name.

What do trolls eat?

Trolls enjoy eating all types of seafood. Trolls fish in total darkness so that they are not seen by anyone. They mostly eat their food **raw**. Sometimes, when the volcanoes have erupted, they cook their food on the hot rocks. In addition, they **gather** large mushrooms and dig up juicy roots that grow in the forest. Surprisingly, goats are not on the menu!

Did you know?

Amazingly, trolls like to have fun. They love singing and dancing. When they sing, it sounds like a rumble of thunder. When they dance, it feels like an earthquake. Sadly, because of the troll that upset the goats, all trolls now hide away from view.

They can still be seen, though, if you look really hard and believe. The rocks here are actually just sleeping trolls!
