

Weekly Maths Tasks

Weekly Maths Tasks					
	Monday	Tuesday	Wednesday	Thursday	Friday
<p>This week, the planning uses the White Rose Maths website. (WEEK 8)</p> <p>https://whiterosemaths.com/homelearning/early-years/</p> <p>I have provided a link for the storybook via YouTube if you don't have a copy at home. (See under this table)</p>	<p>Starter:</p> <p>Can you remember your shapes? What names can you remember? Can you draw the shapes?</p>	<p>Starter:</p> <p>Play a counting game on Topmarks. https://www.topmarks.co.uk/</p> <p>Ladybird spots, underwater counting, teddy numbers, etc.</p>	<p>Starter:</p> <p>Using your flashcards, (1-10 only), choose 2 numbers at random and add them together!</p> <p>Do 3 calculations.</p>	<p>Starter:</p> <p>Play the shape patterns game on Topmarks. https://www.topmarks.co.uk/ordering-and-sequencing/shape-patterns</p>	<p>Starter:</p> <p>Go outside, (or inside if it's raining a lot!), and count and jump!</p> <p>Count to 20 and do a jump each time. How far can you get?</p>
	<p>Lesson 1: Princess Mirror-Belle</p> <p>Watch the video</p> <p>Complete the activity.</p>	<p>Lesson 2: Princess Mirror-Belle</p> <p>Watch the video</p> <p>Complete the activity.</p>	<p>Lesson 3: Princess Mirror-Belle</p> <p>Watch the video</p> <p>Complete the activity.</p>	<p>Lesson 4: Princess Mirror-Belle</p> <p>Watch the video</p> <p>Complete the activity.</p>	<p>Lesson 5: Princess Mirror-Belle</p> <p>Watch the video</p> <p>Complete the activity.</p>

Weekly English Tasks

This week's spellings

her, said Practise spelling this on paper - perhaps you could write the letters on small pieces of paper and have a go at putting the letters in the right order (do one word at a time). You could write them out lots of times using different coloured crayons/pens or you could use the method 'look, cover, write and check' - look at the word, say the sounds, cover it up with something then try writing it and then check to see if you have the right letters to spell the tricky word.

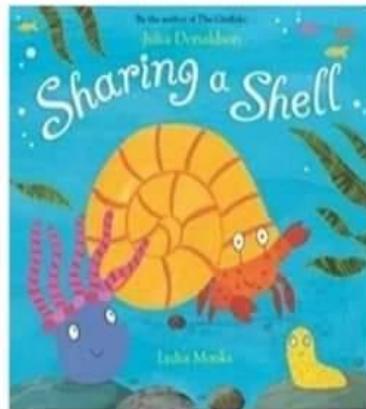

If your child is finding this difficult, practise reading the tricky words instead. If your child is spelling these easily, encourage them to apply it within a sentence.

Challenge - how many of these words can you spell now? The, to, I, no, go, he, she, we, me, be, was, you, they, all, are

Reading task

<https://www.youtube.com/watch?v=l42fh58uGoY> - Sharing a Shell - Julia Donaldson

Week 2 - Sharing a Shell

Monday - The tiny hermit crab loves his new shell and doesn't want to share it at first in the story. Have you got a favourite toy that you really love and find hard to share? Can you draw a picture of it and write a few sentences about what makes it special to you?

Tuesday - See if you can design an even bigger shell for the hermit crab and his friends to share. Either add some labels to it or write a few sentences to describe the new design.

Wednesday - In the story, the hermit crab shares his home with his friends. Who do you share your home with? Can you draw a picture of your home and write about who lives in it with you?

Thursday - The bristle worm is really good at looking after the shell and keeping it clean, to make it feel like home for his friends. How do you help take care of your home?

Friday - The rockpool is the habitat where the 3 sea creatures live. Can you research rockpools and find out what other sea creatures like to live there?

Phonics	Monday	Tuesday	Wednesday	Thursday	Friday
	1. Follow the link at the bottom to phonics daily sessions. (choose lesson 31)	1. Follow the link at the bottom to phonics daily sessions. (choose lesson 32)	1. Follow the link at the bottom to phonics daily sessions. (choose lesson 33)	1. Follow the link at the bottom to phonics daily sessions. (choose lesson 34)	1. Follow the link at the bottom to phonics daily sessions. (choose lesson 35)

Share your learning with us:

info@worlabyacademy.org.uk

Teachers will be celebrating pupils' achievements in the newsletter over the coming weeks.

EYFS: Home-School Learning Menu 15.6.2020

Topic Project Menu: These activities should be completed over a number of weeks and should be used to support your child's learning in other areas aside from Maths and English. We would love to see photographs of this completed work or examples of work of quotes about this work through our school email address: info@worlabyacademy.org.uk

	I like to explore	I like Maths	I like English	I like being creative	I like being kind and helpful	Time to get physical!
Strengthen your learning	Have a look at the dancing milk experiment (instructions below). Discuss with your adult what you think might happen. This is called a prediction. Can you predict/guess what will happen? How is the milk going to dance?	Sometimes we need to count a bit quicker and so we can count in 2's. Using the number line below, start by colouring number 2, then miss and number and colour number 4. Repeat the miss a number, colour a number until you get to 20.	Using the story 'Tiddler' and preparing to write a story of your own about why he was late for school... write the word 'Tiddler' in the middle of a piece of paper... Around the word, jot down lots of different reasons why Tiddler may have been late. Choose your favourite idea and use it write the story!	Learn how to draw a fish like Tiddler using the online step by step tutorial on YouTube. https://www.youtube.com/watch?v=1vL8aKneqcw Are there any other sea creatures you would like to know how to draw?	Discuss with your adults about looking after our planet. Why is it important? What are the problems we have with litter? How can we help?	Follow the link to 'Andy's Wild Workouts' and complete the Under the Sea workout. Did you feel any different during your exercise? How about when you moved more quickly? Fine motor - how is your handwriting looking? Are there any letters you are finding tricky?
Deepen your learning	Have a go at the milk experiment. Can you photograph or film what happens? (You might be able to use this later). What happened? Did your milk dance?	Count along the numbers and try and practise them every day for a week. Are you beginning to remember them? Can you see a pattern?	Click on the link at the bottom to 'Listen and Play - under the sea' Join in with the songs and listen to the story. Try and re-tell the story with your grown up. Can you plot the story (simplified) on the story mountain, showing the opening, problem and solution?	Using some online/computer paint software, create an 'Under the Sea picture' it can include any sea creatures you wish. Perhaps you could include a shipwreck, some shells, seaweed and bubbles. We would love to see what you come up with! Send it to info@worlabyacademy.org.uk or upload to @DeltaWorlaby	Talk about recycling with your adults. How does this help us look after the planet? Do you recycle in your house? Ask your parents to explain what you recycle in your house, which bin does it go in?	On YouTube, or using an Echo if you have one, listen to the song 'Under The Sea' from 'The Little Mermaid' - can you come up with some actions to the song; as an idea use movements such as snapping your fingers together and moving sideways like a crab or stretch out your arms like you are swimming. Can you get your family to copy your dance?

<p>Take the challenge!</p>	<p>With your adults help, write some simple sentences to explain what happened. (If you wanted to share your video of the experiment, send it to info@worlabyacademy.org.uk)</p>	<p>Can you remember them all? Count in 2's out loud as far as you can remember. Don't worry if you don't get them all, it can be tricky! If you find this easy, go all the way up to 50!</p>	<p>Use your story mountain to write a simple story of your own. It can be about anything! Use the sentence openers to help you. Think before you write: Who is your character? What are they doing? (Once upon a time...) What problem will they face? (Unfortunately...) How will the problem be solved? (In the end...)</p>	<p>Create an under the sea scene using a cardboard box (such as a shoebox) as the background. See example below. Have a look at the images in the story Tiddler or research with your grown up using books or the internet what it might look like under the sea. Add in some sea life - as an extra challenge, can you make it so that your sea creatures can move? How could you do that? (String or stick puppets for example)</p>	<p>Next time you go for a walk, be kind to your planet by collecting rubbish that has been discarded. Take a rubbish bag and collect any litter that you see on your walk. Think about your safety and make sure you wear gloves or get adults to help you. Don't pick up anything broken or sharp either!</p>	<p>Has anybody managed to attempt Mrs Clarks 'Keep Active Challenge' from May? If you haven't seen it yet, check it out on Twitter @DeltaWorlaby and scroll back - have a go!</p> <p>Can you set your Grown Up's ac challenge? Pick a move (e.g. star jumps, kicks, knee bends or simply wobble like a jellyfish) roll the dice and whatever number it lands on, they must complete so many of that action. Do this 3 times and then complete the sequence again - remember to join in!</p>

(Under the sea scene)

Knowledge and Understanding of the World

Dancing Milk!

This experiment demonstrated how different substances can react to each other.

You will need:

A shallow dish
Food colouring

Milk

Toothpicks

Liquid Soap

Cover the bottom of the dish with milk and leave to reach room temperature. Add a few drops of food colouring. Give your child a toothpick dipped in liquid soap (or washing up liquid) and watch the colours dance!
