

SEN Information Report: April 2024

Brief description of the school

Worlaby Primary Academy is part of the Delta Trust Academy group. Our current number on roll is 56. At Worlaby Primary Academy, we strive to promote an inclusive, welcoming learning environment where all members of the school community feel safe, valued and respected. We aim to develop independence, individuality and the confidence to take risks through challenging learning opportunities. Access to inspiring and motivating learning experiences ensures that all are able to flourish and achieve their potential. Our school aims to be an integral part of the wider community, which values, enriches and provides diverse opportunities for all. In an everchanging world, we aim to equip pupils with the skills to succeed and take their place as caring responsible citizens of the future.

How we identify if your child may need additional help and/or has special educational needs (SEN)

Summative assessment takes place regularly within the classroom for all children in school. The method of this assessment depends upon the child's age and phase of school (Early Years, Key Stage 1 or Key Stage 2). Summative assessment tools can provide specific targets for children to develop. On-going formative assessment is also used to identify specific targets and next steps. The following documents are used to support identification:

- SEN Code of Practice
- National Curriculum
- Special Educational Needs Policy
- Accessibility Plan
- Behaviour Policy
- Equality Policy

How we involve parents and carers in meeting the needs of their child and in whole school developments Partnership with parents is a fundamental part of our SEN practice. Parents of SEN pupils will be kept informed at each stage of the process:
Parents will be consulted before their child is placed on the Special Educational Needs Register.

Parents of pupils with SEN will be invited to review SEN Support Plans with class teachers or the SENDco at least three times a year.

Within each SEN Support Plan suggestions of how parents can support their child to achieve targets at home will be included. Where appropriate, class teachers will provide parents with necessary resources, e.g. word lists, visual prompts, to enable them to support their child at home.

For some pupils with SEN, parents will be invited to consult with external specialists, e.g. Educational Psychologists, CAMHS in order to discuss and plan additional support for their child.

For some pupils with SEN, parents will be invited to annual review meetings, e.g. pupils with an Education Health and Care Plan, to discuss their child's progress with all professionals involved.

Schemes such as home/school diaries may be used to keep parents involved and informed about their child's progress and targets and also to encourage parental views and advice.

How we will involve your child in the planning and review of their support

Children will participate in all decision-making processes; target setting and contribute to reviewing their SEN Support Plans by contributing with sharing their successes and difficulties. As a result, children feel confident that they are being listened to and that their views are valued.

Where appropriate, pupils with Education, Health and Care Plans will be given the opportunity to attend review meetings.

How we match the curriculum, teaching and learning approaches if your child has SEN

The curriculum is accessible to all pupils, following three key principles for inclusion:

1. Adaptation of tasks
 2. Responding to pupils' diverse needs
 3. Overcoming potential barriers to learning and assessment for individuals and groups of pupils
- A minority of pupils will need access to specialist equipment and different approaches in order to access the National Curriculum and for these pupils will have individual graduated approach plans which will be created by the class teacher, parents, outside agencies and the SENDco outlining the child's specific needs. Graduated Approach Plans are agreed and reviewed regularly by class teachers, teaching assistants and parents in order to ensure the child's needs are being met.

How we provide additional support if your child has learning needs

All SEN pupils will be taught within classrooms alongside pupils who do not have SEN. However, pupils with SEN will receive additional support either in class or withdrawn in small groups or one-to-one to work on the targets specified on their SEN Graduated Approach Plan.

The school also provides:

Targeted intervention groups for SEN children

1:1 support if deemed appropriate

Small group work within the class

Small group work and 1:1 support to address emotional needs.

The SENCO liaises with a range of external specialists in order to support pupils with SEN within school. These include:

1. Educational Psychologist
2. Speech Therapist
3. Occupational Therapist
4. ASET Team

Pupils with SEN will be able to access extended school provision alongside pupils who do not have SEN, e.g. breakfast club and after school clubs.

How we provide additional support if your child has social and communication needs

All SEN pupils will be taught within classrooms alongside pupils who do not have SEN. However, pupils with SEN will receive additional support either in class or via withdrawal in small groups or one-to-one to work on the targets specified on their Graduated Approach Plan.

- Referrals to outside agencies are made when it is felt necessary.
- Targeted intervention groups for SEN children
- Small group work within the class

How we provide additional support if your child has physical, sensory and/or medical needs

A minority of pupils may need access to specialist equipment and different approaches to learning, in order to access the National Curriculum. We will consult with specialist agencies to ensure that appropriate equipment and appropriate challenge is in place to allow the children to succeed. If your child has a medical need, we ensure that relevant staff are trained in supporting the needs of the child, and also that all staff are made aware of needs and how to access help and support. Support for the children may include:

- 1:1 support for children e.g. physiotherapy exercises
- Small group work within the class (with appropriate modifications to equipment / work sheets/ books etc.)
- Intervention and support from specialised agencies e.g. Occupational therapy
- Administering medication
- Providing intimate care where required

How we provide help to support your child's emotional health and well being

There are several arrangements and interventions in place in order to support the emotional and social development of pupils with SEN. These include:

- ELSA practitioner in the academy
- Support with our teaching assistants ensure a settled start to the morning.
- Interventions such as 'Friendship Groups' will be used in order to support pupils with SEN to develop their social skills.
- Targeted nurture group intervention groups for children struggling with SEMH.
- 1:1 support for children in crisis and / or children with EHCP
- Small group work within the class
- Small group work to address emotional needs.
- Macmillan Bereavement support
- Mental Health Champions

How we measure and review your child's progress against their targets and longer term outcomes

Summative assessment takes place half termly within the classroom for all children in school. The method of this assessment depends upon the child's age and phase of school (Early Years, Key Stage 1 or Key Stage 2). Summative assessment tools can provide specific targets for children to develop.

On-going formative assessment is used to inform next steps for children. Marking and feedback allow teachers to identify specific targets.

Adapted half termly assessments across the wider curriculum.

Be Squared assessments in Reading, Writing, Number and Science is used to measure small step progress of SEN children.

ELSA assessments are used to measure SEMH progress.

RAG meetings are held each week and interventions/ strategies/ support needs reviewed to ensure good progress for our SEN children.

How we adapt the learning environment and ensure that our school facilities are safe and welcoming to children with SEN

- Class teachers will plan lessons according to the specific needs of all groups of children in their class and will ensure that every child's needs are met and that there are no barriers to every pupil achieving.
- Support staff, under the direction of the class teacher, can adapt planning to support the needs of SEN children where necessary.
- Specific resources and strategies will be used to support children with SEN individually and in groups.
- Planning and teaching will be adapted, on a daily basis if needed, to meet children's learning needs.
- Homework will be adjusted as needed to meet children's individual requirements.
- Learning environments support learning.

How we include children with SEND in the life of our school

Worlaby Primary Academy is a fully inclusive school, and it is something that we are exceptionally proud of. We endeavour to include SEN pupils in all aspects of our school. Pupils identified with SEN may receive additional support either in class or withdrawn in small groups or one-to-one to work on the targets specified on their Graduated Approach Plan.

Pupils with SEN have full and complete access to all extended school provision alongside pupils who do not have SEN, including breakfast club, after school clubs, residential visits.

How we ensure that all of our staff are trained and supported to meet a wide range of children's needs

The professional development of all staff involved in meeting the needs of pupils with SEN is on-going and continuous. A wide range of training opportunities have been provided which include:

- Skills sharing and the demonstration of teaching techniques and strategies organised within the school.
- Professional development sessions and one-off sessions on relevant subjects provided by:
 1. Staff from other agencies or support services (e.g. ASETs Team)
 2. Senior Leaders from within school
 3. Other courses which are relevant to the work being undertaken can be undertaken or requested by consulting with the SENDco.

Additionally, several members of staff have completed accredited training in order to support pupils with SEN within school. Some staff have completed the Mental Health Champion training.

Specialist expertise is sought when a child's needs present themselves as above and beyond that of a mainstream classroom teacher's training. Regular contact takes place between the SENCO and numerous external agency support, including:

- LA SEN team
- LA ASETS team
- LA Visual Impairment and Hearing Impairment team
- Educational Psychologist
- Occupational Therapist
- Physiotherapist
- Speech and Language therapy
- Health teams – School Nurse and Health Visitor
- Hospital teams
- Behavioural support
- CAMHS

How we prepare children to join our school

Transition arrangements are in place to ensure effective transition between each phase of education:

Early Years Transition

Worlaby Primary Academy begins transition to our school by inviting all pre-school children to several sessions at school in the term before they will begin Foundation Stage 2. This allows them to become familiar with the school environment and Early Years staff. In addition, the FS2 staff have a programme whereby they work alongside the preschool staff across the year to ensure the best possible transition for all children.

Reception staff make home visits to the Nursery children prior to their starting date. Personalised transition to mainstream school (including shortened sessions initially) may be necessary for some children, and Worlaby Primary academy endeavours to meet the individual needs of each child to ensure a positive beginning to school life.

Annual transition meetings (Whole School) occur whereby the current class teacher will meet to share information regarding pupils with SEN with the child's next class teacher. Information will then be passed on to SEN support staff in order to ensure all professionals involved are aware of SEN pupils' individual needs.

How we admit pupils with a disability

Worlab Primary Academy does not see any disability as a barrier. We will endeavour to do our utmost to support all children, modifying both learning opportunities and the environment to ensure success for all pupils. The Principal, SENDco and/or class teacher will arrange meetings with parents and any professionals involved in the specific care of a child, to ensure that all needs can be met within school. Graduated Approach Plans and EHCP (if provided) will be reviewed and updated as appropriate, and guidance and support will be accessed by school from outreach services and health support as and when required.

How we prepare children to move on from our academy

Transition arrangements will be put in place to ensure effective transition between each phase of education: Moving Schools - If a SEN pupil is moving to another school the SENDco will contact the new school's SENDco and ensure he/she knows about any special arrangements or support that need to be made. All records about SEN pupils will be passed on as soon as possible.

Secondary School Transition Meetings - pupils with SEN will be discussed with appropriate members of secondary school staff, e.g. form tutor and SENDco, to ensure they are aware of individual pupil's needs prior to transition. Records, including Graduated Approach Plans will be passed on to secondary schools as soon as possible. Annual Review Meetings - when a pupil with an Education Health and Care Plan is in Year 6, the SENDco from the secondary school will be invited to attend the annual review meeting in order to effectively plan transition and future SEN support. The SENDco from Worlab Primary will also attend the first annual review meeting/ support plan meeting at secondary, if requested by school or parent.

In addition to these arrangements, additional visits are arranged by Worlab staff to ensure that our Y6 pupil's transitions are as effective as they can be. These include: - additional visits to the school at different times (e.g. lunch time, lesson time, and home time), planning a route to and from school with the children and walking the route regularly, accompanying the children around the school and taking photographs of different places.

How we deploy our resources to meet the needs of children with SEND

Worlab Primary Academy pride themselves in ensuring that all children's needs are met. Staff and resources are deployed in a number of ways to enable the school to meet the needs of children with SEND. The academy uses the services of Specialist expertise sought when a child's needs present themselves as above and beyond that of a mainstream

classroom teacher's training. Regular contact takes place between the SENDco and numerous external agency support, including:

- LA SEN teams
- LA ASD team
- LA Visual Impairment and Hearing Impairment team
- Educational Psychologist
- Occupational Therapist
- Physiotherapist
- Speech and Language therapy
- Health teams – School Nurse and Health Visitor
- Hospital teams
- Behavioural support
- CAMHS

The impact of Covid-19 on children with special educational needs:

During the pandemic, at Worlabby academy the SENDco communicated with all families with children with special educational needs to consider how the children could best be supported. 100% of children on roll at Worlabby Academy attended live lessons during remote learning and were able to access the learning.

Other ways we supported:

- Regular conversations with families
- Pastoral support sessions for individuals
- Extended lesson times for children with SEN to enable the teacher to clarify the child's understanding.
- 1:1 SEN support sessions for pupils several times a week. This was to provide support against targets set on the graduated approach.
- Prior to return to school, the children with SEMH barriers were invited in on an individual basis to meet their teachers and have a look at the school environment.
